

Adopt a Veteran at Veterans Village

December 25th is Christmas and December 14 through December 22nd is Hanukkah.

Now is the time to remember our veterans. Some residents at the Village do not have families, we are their family. It is a wonderful time to send those care packages. If you did not sign up for Adopt a Vet, you can send cards to the village and address them to **any veteran**. If you send more than one card, send them in one package and address them to **Veterans at the Village**. If you adopted a vet address them to that Veteran. This is a wonderful time to send home-made or store-bought items like blankets, Christmas. Hanukkah cards or ornaments. Other items you could send are Baseball caps, Couch cup holder trays, Tea shirts, Sweatshirts, or soft socks. I recommend if you are Jewish send them a Hanukkah card if you are Christian send a Christmas card. **Everyone loves cards.**

Who works or volunteers at Veterans Village?

Did you know that there are about twenty-six employees and volunteers at the village? We must remember that the Veterans Village is open 7 days a week 24 hours a day, someone is on staff. Is your auxiliary wanting to remember the workers that spend so much time and talent there also? If your auxiliary would like to send them a gift or a card, you can address those to the employees. If your auxiliary would like to make Christmas dinner and give the employees a day off contact Veterans Village at 352-236-0823. Let us not forget Mike Cline, please make sure he receives cards and gifts for all the work he does at Veterans Village. He is a very fun-loving Navy Veteran.

Presidents Special Project

Those beautiful floors please remember to keep running those fundraisers and those donations coming in. I am sure we will have another parade of checks at Mid-Winter Conference. There is nothing more fun than to walk up and hand over that check no matter what the amount. You will see, just try it.
