

EXTENSION, REVITALIZATION & MENTORING

Volume 9 February 2025

Please go to the Department website and report your great work! I know your out there working the program, tell me about it!

Elections are right around the corner, and we need to do everything we can to create and maintain health Auxiliaries. "Retreads" or same officers sitting in the same chairs for years is a Yellow or Red light! New officers bring new excited, eager ideas and a healthy Auxiliary. We must train the new officers to understand the responsibilities involved to fulfill the duties of the office for the whole year.

The health of your Auxiliary is tied directly to fielding new candidates for elections!

Mentoring

Leaders

Have you celebrated your teams' successes or individuals that have been critical to the wellbeing of your Auxiliary. Thank you's & certificates of appreciation go a long way in providing a positive atmosphere.

Mentors, please make sure you are seeking to help all the members of your Auxiliary. Don't always wait till someone asks for help, be observant of actions and reactions and jump in where you can to be a positive influence!

Most importantly **EVERYONE** needs to stop any & all Bullying! If you hear someone being unkind, **SPEAK UP! Kindness should always Win!**

I'd rather regret the things I have done than the things that I haven't *Lucille Ball*
