

# MEMBERSHIP

REMEMBER - INVITE - INVEST - INCLUDE MEMBERS

Congratulations to every Auxiliary who received their special membership pins at the fall meeting. There are plenty of pins to give out, so help me get these to you and increase by **ASKING**, people to join.

**Make sure you are wearing your pin to show and tell everyone how you received it.**

How are you recruiting, most people today do not have time for small talk, ask for their phone number, then you can text them the QR code, ask for emails so you can send membership applications. Many people especially younger members are more technology savvy and would rather use technology to communicate. Where do you find the QR code? Its in MALTA under membership for a clear copy.

**SWAP Idea.** An Auxiliary member went into Office Max for some flyers to be made for fundraising event. Standing next to her a gentleman asked what the copies were for, then she explained about the VFW and the upcoming fundraiser. She then asked him if he had served, he stated he was not a veteran, so she proceeded to ask if he had a relative who served during wartime, and he could join under them. She got his phone number and gave her personal business card.

*Thank you, Jeanne Laurine,*
